To provide the best takeout sushi, we do not sauce the fish. We package the sauces for you and provide instructions to let you know which sauce goes with each fish. ENJOY!

**Please let us know about any food allergies.**

While we take allergies seriously and have allergy procedures in place, different forms of allergens are present in our kitchen and cross-contamination is always possible.

We love serving all of our guests, but if you have a **severe** allergy, we recommend not eating in our restaurant.

**A 16% fee will be added to your bill—**

This is not a gratuity or tip. We are a no tipping establishment. The Fee is revenue that is not segmented or designated in any way; it is taxed per state law and is used to fund all of our operations.

Eating raw or undercooked foods may increase the risk of food-borne illness. Also, please note that while infrequent, there could be pieces of shell or bone in our fish and shellfish.

With the exception of lobster, crab, anago, unagi, and ankimo, all food items on this menu are served raw or undercooked, or contain or may contain raw or undercooked ingredients.
